## **INTRODUCTION**

The Owen County Schools Code of Acceptable Behavior and Discipline establishes minimum behavior standards and is meant to be a guide for all students, parents, and school personnel. It applies to all school-sponsored or related activities and on school buses. Each school may further amplify and detail its expectations, but this guide is intended to set the parameters and to serve as a standard of behavior (KRS 158.150).

## **PHILOSOPHY**

Owen County Schools consider appropriate behavior an integral part of the total school curriculum. The program attempts to make behavior and its modification positive rather than negative and reactionary. It is our belief that the most important prerequisite to learning is a structured, orderly, secure, humane atmosphere.

Schools must prepare students for their responsibilities as adults in a democratic society. To accomplish this goal, there must be respect and reciprocal trust among parent, teacher, and student.

The Code of Acceptable Behavior and Discipline should be consistent and reasonable and should strive to facilitate the development of students' self-control and self-discipline. In this regard, the Code of Acceptable Behavior and Discipline becomes an integral component of the education process and a symbol of the commitment of parents, students, teachers and administrators to the maintenance of an effective learning environment.

This behavior will not be tolerated because every student and staff member deserves a safe environment in which to work and learn. This school district is committed to dealing with bullying behaviors in our schools to create a safe environment.

Bullying: Bullying encompasses a continuum of behavior that involves the attempt to gain or assert power and dominance over another, with no legitimate purpose. Bullying involves repeated negative behavior, carried out over time with a purpose to harm another person physically or mentally, or to benefit oneself through behavior which causes such harm to the other person. Bullying involves either taking advantage of a real or perceived imbalance of power, or is used to create an imbalance of power. Bullying may involve an attempt to cause fear. Examples of behaviors that fall into this category include, but are not limited to inappropriate and unwanted physical contact (including hitting, kicking, shoving, and pushing); intimidating and threatening comments (oral, written, or electronic); name calling or put-downs (selecting or using a nickname which is intended to embarrass or humiliate); manipulation or coercion of another student to do something he/she does not want to do; setting someone up to be bullied or encouraging a student to engage in bullying; sharing or starting rumors or gossip; hurtful teasing or making fun of someone; hiding or destroying someone's belongings; or shunning or excluding someone from a group or activity in order to embarrass or humiliate the person.

Cyberbullying: Cyberbullying involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging, personal Web sites, blogs, online games and online personal polling Web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others by communicating threats, by revealing private or embarrassing information, by conveying false information which can be reasonably anticipated to cause embarrassment, or to accomplish any of the purposes of bullying. This can include the use of any device which records audio, video, or still images of another person for no legitimate purpose, or the use of audio, video, or still images of another person for purposes prohibited by this Code of Acceptable Behavior and Discipline.

Hazing: Hazing involves behavior used as a way of initiating new members into a group. It usually consists of some ritualistic test involving the new member being required to perform a task or series of tasks which are intended to be demeaning, degrading, harmful, or embarrassing to the new member or which require the new member to engage in conduct toward others which is demeaning, degrading, harmful, or embarrassing. Hazing can include the forced or coerced consumption of drugs or alcohol or the forced or coerced performance of lewd or suggestive acts.

Menacing: Menacing involves actions, sometimes accompanied by words, used to intentionally place another person in reasonable apprehension of imminent physical injury. Menacing is exemplified by the raising and drawing back of a hand or fist in order to make the other individual believe he/she is about to be slapped or punched, or the swinging or jabbing of a hand toward someone to cause them to flinch, duck, or raise their hands in anticipation of being struck.

Stalking: Stalking involves intentional conduct which is directed at a specific person or person: which seriously alarms, annoys, intimidates or harasses the person or person; which serves no legitimate purpose, and which would cause a reasonable person to suffer substantial mental distress. Stalking does not involve merely following another person or regularly observing another person's actions, but includes behavior which conveys a threat of harm to the other person or which can be reasonably anticipated to cause the other person to fear harm.

Violation of this policy by students shall require that the Principal immediately make a report to the Superintendent, who shall determine if charges for expulsion from the District schools should be filed under policy 09.435. In addition, when they have reasonable belief that a violation has taken place, principals shall immediately report to law enforcement officials when an act has occurred on school property or at a school-sponsored function that involves student possession of a firearm in violation of the law or assault involving the use of a weapon.

Violations by visitors shall be reported to a law enforcement agency.

### **Federal Requirements**

The penalty for students bringing a firearm or other deadly weapon, destructive device, or booby trap device to school or onto the school campus/property under jurisdiction of the District shall be expulsion for a minimum of twelve (12) months under policy 09.435. However, the Board may modify such expulsions on a case-by-case basis.

Any student who brings to school a firearm or other deadly weapon, destructive device, or booby trap device shall be referred to the criminal justice or juvenile delinquency system.

## **CORPORAL PUNISHMENT**

The Owen County Board of Education authorizes the use of corporal punishment as a disciplinary measure, under guidelines set out in policy 09.433. Please check with your child's school on whether corporal punishment is used as a form of discipline.

## **DUE PROCESS FOR SUSPENSION**

The following steps shall occur prior to the suspension of a student:

1. The student shall be given oral or written notice of the charge(s) against him.
2. If the student denies the charge(s), he shall be given an explanation of the evidence against him.
3. The student will be allowed to respond to the charges against him/her.

4. A written notice of the suspension shall be given to the student and a copy shall be mailed to the parents/guardians. The notification must contain the reason(s) for suspension and the dates of the suspension.
5. A copy of the suspension notification will be sent to the Superintendent within three working days.
6. These due process procedures shall precede any suspension from school unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedure outlined above shall follow the suspension soon as practical, but not later than three (3) school days after the suspension.

### **GRIEVANCE PROCEDURE**

The Owen County Board of Education provides policy 09.4281 and procedures 09.4281 AP1 and AP2 for the disposition of any grievance initiated by a student. To access the procedure, copies of the Board of Education policies and procedures manuals are located in each school's office and library. They are also available at the Owen County Public Library.

### **SEARCH AND SEIZURE**

**Reasonable Suspicion** No student's clothing, pockets, or his or her personal effects (e.g., and bag, backpacks, etc.) shall be searched by authorized school personnel unless there are reasonable grounds to believe the search will reveal evidence that the student has violated or is violating either a school rule or the law. Search of a student person shall be conducted only with the express authority of the Principal and with a witness present.

**Authorized Personnel** Searchers of a student's person or his/her personal effects shall only be conducted by a person directly responsible for the conduct of the student, or the Principal of the school which the student attends.

**Witness** When a pat-down search of student's person is conducted, the person conducting the search shall be the same sex as the pupil; and a witness of the same sex as the pupil shall be present during the search.

**Personal Searches** No search of a student shall be conducted in the presence of other students.

**Strip Searches** No strip searches of students shall be permitted.

**Failure to Cooperate** Students who fail to cooperate upon request with school authorities shall be subject to other disciplinary action.

**Regular Inspection** School property, such as lockers, electronic files and desks, are jointly held by the school and the student. Authorized school personnel have the right to conduct general inspection of all such property on a regular basis. During these inspections, items which are school property, such as overdue library books, may be collected. Students should not expect privacy for items left in such locations.

A single desk or locker may be searched if reasonable grounds exist to believe that evidence of a violation of the law or a school rule is contained therein.

**Illegal Items** Illegal items (e.g., weapons, drugs, etc.) or other possessions reasonably determined by proper authorized school personnel to be a threat to the student's safety or to others' safety and security, may be seized by authorized school personnel.

**Other Disruptive Items** Items which may be used to disrupt or interfere with the educational process may be temporarily removed from the student's possession by authorized school personnel. Such items may be returned to the student by authorized school personnel or through the Principal's office.

**Disposition of Items** All items, which may have been seized, shall be turned over to the proper authorities or returned to the true owner.

## **SPECIAL EDUCATION & SECTION 504**

### **OVERVIEW**

All students, including identified disabled students and 504 (B) identified students, admitted to common school shall comply with the lawful regulations for government of the schools. The schools will follow all procedural and substantive due process as outlined in KRS 158.150 and 707 KAR 1:30 in respect to an identified disabled student's compliance with lawful regulations for the government of the schools.

### **LEGAL CONSIDERATIONS**

Students who create a dangerous or disruptive situation may be suspended from school. The due process procedures that should be followed for short-term suspension (generally no longer than 10 days) are the same for all students and are outlined in KRS 158.150

The behavior of exceptional (special education) students and students who have been referred for evaluation for possible special education placement and/or related services should be considered during the initial Admissions and Release Committee (ARC) meetings. Behavioral interventions, treatment, and consequences should become a part of the Individual Education Plan for that student. Should these interventions prove unsuccessful as evidenced by misconduct of the student, the issue should be brought to the appropriate ARC to make changes in the student's program which might result in more appropriate behavior. A Functional Behavioral Assessment may be conducted if recommended by the ARC.

## **SUSPENSION/EXPULSION PROCEDURES FOR STUDENTS WITH DISABILITIES**

Suspension may be used with disabled students, especially if it is part of a well-defined management program. Suspension, of more than ten (10) days, shall not be used if the behavior is directly caused by the student's disability. Suspensions unrelated to disability shall be for one (1) or two (2) days at a time. Once a disabled student has accumulated ten (10) days of suspension, then an Admissions and Release Committee (ARC) shall meet to discuss the student's behavior problems and to determine what changes, if any, are needed in the IEP. The ARC must also determine whether the misbehavior is a manifestation of the student's disability. If the misbehavior is a manifestation of the student's disability, the student shall not be expelled or suspended for more than ten (10) cumulative days. If the misbehavior is not a manifestation of the student's disability, the student may be disciplined in the same manner as his/her non-disabled peers.

Expulsion is rarely, if ever, used with disabled students. If recommended, all ARC procedures must be followed, and it must be clearly documented the behavior problem was not related to the student's disability. Furthermore, even if a disabled student is expelled, education services shall not cease completely.

## **DISPENSING MEDICATION**

### **SELF-MEDICATION**

All medications shall be registered and stored at the main office upon entering the school unless the medication is prescribed or ordered by a physician to stay on or with the pupil due to a pressing medical need. A student may be responsible for taking his/her own medication (prescription or nonprescription) provided the parent/guardian and physician has written approval on file with school personnel. Such approval shall assure school personnel that the child has been properly instructed in self-administering the medication.

Note: Self-administration of asthma medication shall be permitted in compliance with state law.

### **PRESCRIPTION MEDICATIONS**

All medications shall be registered and stored at the main office upon entering the school.

Prescription medications shall be administered only as prescribed on the physician's or dentist's written authorization. Prescription medications shall be sent to school in one (1) week increments unless otherwise approved by the Principal or designee. Parents shall have the ultimate responsibility to provide the school with an adequate supply of medication to enable the physician's orders to be followed. All prescription medications, original or refill, should be sent to school in a pharmacy labeled container that includes the student's name, date, medication, dosage, strength, and directions for use including frequency, duration, and mode of administration, prescriber's name, and pharmacy name, address, and phone number. Labels that have been altered in any way will not be accepted. Per KRS 218A.210, "A person to whom or for whose use any controlled substance has been presented, sold, or dispensed by a practitioner or other persons authorized under this chapter, may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same."

## **NONPRESCRIPTION MEDICATIONS**

All medications shall be registered and stored at the main office upon entering the school. Nonprescription (over-the-counter) medications may be accepted on an individual basis as provided by the parent/guardian when a completed authorization to give medication form is on file. Over-the-counter (OTC) medication may be given at school with a parent/guardian permission form for a total of three (3) consecutive school days. Afterwards, a physician's statement/permission is required to be on file at the school. The medication should be in the original container.

- A. Students shall be granted an excused absence for up to ten (10) school days to pursue an educational enhancement opportunity determined by the Principal to be of significant educational value. This opportunity may include, but not be limited to, participation in an educational foreign exchange program or an intensive instructional, experimental, or performance program in one (1) of the core curriculum subjects of English, science, mathematics, social studies, foreign language, and the arts.

- B. Unless the Principal determines that extenuating circumstances exist, requests for dates(s) falling within State or District testing periods shall not be granted.

- D. Students receiving an excused absence under this section shall have the opportunity to make up school work missed and shall not have their class grades adversely affected for lack of class attendance or class participation due to the excused absence.

A student with an excused absence will:

- A. Secure an excused admit slip from the office when returning to school (high school and middle school only). A written note signed by the parent or other proof must be presented to the principal (teacher) or appointed representative within three (3) attendance days of returning to school. It will be the discretion of the Director of Pupil Personnel and/or the building level principal as to whether excuses submitted after three (3) attendance days will be accepted.
- B. Present the excused absence note to each teacher of a class missed and make arrangements for make-up assignments.
- C. Complete all make-up assignments in the same number of days missed plus one (1).

### **Unexcused Absences**

Unexcused absences are those that do not fit any of the excused absences categories. A student with an unexcused absence will:

- A. Secure an unexcused admit slip from the office (high school and middle school only).

- C. *Not* be allowed to make-up assignments missed during the unexcused absence, but will be allowed to make-up tests and major projects.

### **Loss of Privileges**

High school students who accumulate ten (10) or more unexcused absences during the school year shall be subject to losing the privilege of driving to school and parking on school grounds.

### **Truancy**

Truancy is defined by KRS 159.150 as any child who has been absent from school without a valid excuse for three (3) or more days or tardy without valid excuse on three (3) or more days. Any student who has three (3) or more unexcused absences or tardies shall be referred to the Director of Pupil Personnel as truant for parental contact.

Habitual truancy is defined by KRS 159.150 as any child who has been reported as a truant two (2) or more times. The Director of Pupil Personnel may refer to the Owen County Court System any student who has had six (6) unexcused absences.

### **Suspension**

Suspension is absence caused by disciplinary action of the school. During the term of any suspension the student is not allowed on school property. A student who has been suspended shall, on his/her return to school:

- A. Be given an unexcused admit slip to class (high school and middle school only).
- B. *Not* be allowed to make up assignments missed that were made and are due during the suspension, but will be allowed to make up tests and major projects.
- C. Have the same number of school days, plus one (1), as the length of suspension to complete all make-up tests.
- D. Not be allowed to participate in any extracurricular school activities until present for a complete day of school.

### **Appeals**

Parents who disagree with the determination as to whether an absence is excused or unexcused by the Principal or site-based decision making council/appeals committee may appeal the decision to the Director of Pupil Personnel located at the Board of Education.

### **NO PASS / NO DRIVE STATUTE**

The "No Pass/No Drive" Statute (KRS 159.051) results in the denial or revocation of a student's drivers license for 1.) academic deficiency, or 2.) dropping out of school as a result of unexcused absences. Academic deficiency is defined as a student who does not have passing grades in at least four (4) courses, or the equivalent of four courses, in the preceding semester. A student is deemed to have dropped out of school when he/she has nine or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences. Should you want to review the full text of this law, please use the Legislative Research Commission's web site at the following address: [www.lrc.ky.gov/record/07RS/record.htm](http://www.lrc.ky.gov/record/07RS/record.htm)  
<<http://www.lrc.ky.gov/record/07RS/record.htm>>.

Sixteen (16) or seventeen (17) year olds applying for a drivers license permit (Instruction Permit) will be required to have a completed school Compliance Verification Form. Basically, the form is verifying that the student is compliant with the components of the statute.

If the student is not compliant, a form will not be issued. If a sixteen (16) or seventeen (17) year old student (with a driver's permit or license) accumulates nine (9) or more unexcused absences, the school will report the student as noncompliant via the web portal at the end of each semester or may be made earlier in the semester. Any absences due to suspension shall be unexcused absences. Additionally, if a sixteen (16) or seventeen (17) year old driver drops out of school, a report of noncompliance will be made via the web portal.

<b>Principal Responsibility</b>	Each Principal has the chief responsibility for enforcing the consequences which will promote the safe transportation of all students.
<b>Reporting of Violations</b>	The bus drivers shall promptly report violations of district transportation guidelines to the Principal.
<b>Ejection of Student from Bus</b>	The driver is in charge of his/her bus, and his/her first responsibility shall be the safe transportation of the passengers. If it becomes necessary to eject the student from the bus immediately, the driver will make every effort to do so near a house or open business establishment. At the first reasonable opportunity, the driver shall notify the Director of Transportation, the Principal of the school where the student(s) attends, and the Superintendent.

Students shall be on time (5 minutes prior to arrival); the bus cannot wait for those who are not on time. If a student must walk to meet the bus, he/she should walk facing traffic.
<b>Crossing on Driver's Signal</b>	When students must cross the roadway to enter the bus or cross the roadway when leaving the bus, they shall not cross the road until signaled to do so by the bus driver.
<b>Crossing in the Driver's Vision</b>	For safety reasons, when students are required to cross the roadway when entering or leaving the bus, these roadway crossings shall be made in front of the bus. ## APPENDIX B

### Notice of Rights under the Family Education Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students (students over 18 years of age, who are married, or who are attending a postsecondary institution) the following rights with respect to the student's education records.

1. **The right to inspect and review the student's education records within forty-five (45) calendar days of the day the district receives a request for access.**

Parents or eligible students submit a written request to the school principal/designee that identifies the record(s) they wish to inspect. The Principal arranges for access and notifies the parent or eligible student of the time and place where the records may be inspected.

2. **The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student's privacy or other rights.**

Parents or eligible students may ask the district to amend a record they believe is inaccurate, misleading or in violation of privacy or other rights. The parent writes the school principal, clearly identifying the part of the record they want changed, and specifying why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the district decides not to amend the record as requested by the parent or eligible student, the district notifies the parent or eligible student of the decision and advises them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures are provided to the parent or eligible student when notified of the right to a hearing.

3. **The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.**

The district may disclose records to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or to other entities authorized by law.

4. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

Family Policy Compliance Office

**U.S. Department of Education  
600 Independence Avenue, SW  
Washington, DC 20202-4605**

5. **The Superintendent or the Superintendent's designee is authorized to release Board approved directory information.**

Any eligible student, parent, or guardian who does not wish to have directory information released notifies the Superintendent in writing on or before September 30 or each school year or within thirty (30) calendar days after the Annual FERPA Notice has been distributed. The written request must specifically state what information may not be classified as "*Directory Information*".

6. **The district keeps educational records in a secure location in each school and Board office.**
7. **The district obtains written consent from a parent or eligible student before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.**
8. **For students who have been determined eligible for special education, education records are destroyed at the request of the parent when they are no longer needed to provide educational programs or services.**

The district may destroy the educational records of a child without a parent's request five (5) years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may later be needed for Social Security benefits or other purposes. The district may retain, for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance record, classes attended, grade level completed, and year completed. Children determined eligible for special education include those children with disabilities who have a hearing impairment, visual impairment, emotional-behavioral disability, deaf-blindness, other health impairment, specific learning disability, mental disability, multiple disabilities, speech or language impairment, developmental delay, orthopedic impairment, autism, or traumatic brain injury, and who because of such an impairment need special education services.

## **APPENDIX C**

### **DIRECTORY INFORMATION**

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the Owen County School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Owen County School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Owen County School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the Owen County School District to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing within 30 calendar days after receiving notification of FERPA rights. The Owen County School District has designated the following information as directory information:

- Student's name
- Participation in officially recognized activities and sports
- Address
- Telephone number
- Weight and height of members of athletic teams
- Photograph/picture
- Degrees and awards received
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

## **APPENDIX D**

### **NCLB Qualification Notifications**

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Owen County Schools has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Owen County Schools will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Owen County Schools will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of the participation of the specific activity or survey. Owen County Schools will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification off the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

## **CHILD FIND SYSTEM**

The Child Find system is designed to locate, identify and evaluate any child, age three (3) to twenty-one (21) years, who resides in a home, facility, or residence within its geographical boundaries, who may have a disability and be in need of special education. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving special education.

The district makes sure any child enrolled in the district who has a disability, regardless of how severe the disability, is provided an appropriate education at no cost to the parents of the child.

Parents, relatives, public and private agency employees, and concerned citizens are urged to help the district find any child who may have a disability and need special education services. The district

needs to know the name and age, or date of birth of the child; the name, address, and phone number of the parent or guardian; the possible disability; and other information to determine if special education is needed.

Letters and phone calls are some of the ways the district collects the information needed. The information the district collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for special education services.

If you know of a child who lives in the district, who may have a disability, and may need but is not receiving special education services, please contact:

**Susan Burress, Director of Special Education, 1600 Highway 22East, Owenton, KY 40359 or 502 484 3934**

Child Find activities continue throughout the school year. ## Student User Contract

*ALL students must return a signed copy of the AUP with a password in order to access the network. Parental permission is needed for online access.*

After reading the Student Acceptable Use Policy, please read and sign the following contract completely and legibly. The signature of a parent or guardian is required for direct access for *all* students. I have read the Owen County Schools Network Student Acceptable Use Policy. I understand and will abide by the stated Terms and Conditions. I further understand that violation of the regulations is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked; school disciplinary action may be taken and/or appropriate legal action.

**Student Name (please print):** \_\_\_\_\_

**Student Signature:** \_\_\_\_\_

The Owen County Schools has access to and use of the Internet and E-mail as part of the instructional process. Students must sign a student Acceptable Use Policy agreement before direct access to Internet or teacher directed electronic mail will be provided. Written parental consent shall be required before any student is given direct, hands-on access to the Internet or to electronic mail. However, educators may use the Internet during class directed group demonstrations with or without parental consent. Students will be held accountable for violations of the student Acceptable Use Policy agreement and understand that disciplinary action may be taken.

As the parent or guardian of this student I have read the Student Acceptable Use Policy for Owen County Schools Internet and E-Mail access. I understand that this access is designed for educational purposes and Owen County Schools have taken available precautions to eliminate access to controversial material. However, I also recognize it is impossible for Owen County Schools to restrict access to all controversial materials and I will not hold them responsible for materials this student may acquire on the network.

Further, I accept full responsibility for supervision if and when my child's use is not in a school setting. I hereby give my permission for the student named above to have network access and certify that the information contained on the form is correct. If there is any access that I disagree with my child having, I have noted it below my signature. I understand that this form gives my child permission for access for the current school year. By signing the user agreement and parent permission form, the student and parent has agreed to abide by Board policy governing access to technology resources.

### **Technology Resources**

The setup of the network entails every student having a password to log in to access anything on the computer. Every student (3<sup>rd</sup> grade and above) has a folder on the server where work can be saved. The advantage of this is students will not lose what they are working on because of misplacement or a faulty disk. Please make sure **your child supplies a strong password** on the form. Any violations of the following will result in a student's account being turned off (length of time determined by the principal of the school)

The use of a student account must be in support of education and research and consistent with the educational objectives of the Owen County Schools. **YOU MAY NOT GIVE YOUR PASSWORD TO ANYONE. FAILURE TO FOLLOW THIS RULE MAY RESULT IN LOSS OF ACCESS PRIVILEGES.**

### **Internet Regulations**

Internet access through the school is to be used for instruction, research, and school related activities. School access is not to be used for private business or personal, non-school related communications. Students are permitted to use the Internet for research and as a resource.
